

## Wellness programs

---

*As well as a vast selection of massages, we also offer a range of cosmetic treatments, including the innovative Oxygen Energy treatment with radiofrequency, microdermabrasion and oxygen supply to give added vitality, elasticity, luminosity and hydration to your face and neckline.*

*We also offer "Venus Legacy" (electro-medical device that uses multipolar radiofrequency and pulsed electromagnetic fields) firming, slimming and toning facial and body treatments, which produce visible results from the very first applications.*

---
